PUBLIC ADVERTISEMENTS

OFFICE OF THE PUBLICITY OFFICER TO THE GOVERNMENT OF MYSORE, PUBLIC OFFICES, BANGALORE.

Dated 22nd November 1949

Press Note.

There has been a comment recently in a section of the Press, that the Government have been allowing lands belonging to the Vanivilas Sagar to be converted into a sandy desert on account of the fact that the capacity of the 880 tanks that lie in the catchment area of the reservoir is being increased. This is a distortion of fact and will result in unnecessarily exciting the raiyats in that area.

The question of improving the water supply to the Vanivilas Sagar and of using the existing water facilities to the best advantage have been under the active consideration of Government for some years now. The problems are not new and have been present from a long time. The question of augmenting the feeder resources to Vanivilas Sagar is beset with complexities and requires a lot of unremunerative expenditure. Fortunately, the raiyats in that area are fully aware of these difficulties. However, the question of control and regulation of water was taken on hand and measures are being pushed through to ensure equitable supply of water. The Executive Engineer, Chitaldrug, is already preparing projects to put up pick-up "Anes" to prevent wastage of water. Another item which is being considered is the draining of marshy and water-logged portions of 'Hallas' and other lands under the Vanivilas Sagar. These measures will, before long, greatly benefit the raiyats of the area.

The whole question is being dealt with as expeditiously as possible and there is no likelihood of the land under the reservoir being allowed to go into waste land.

THE MYSORE MANURE DEALERS' LICENSING ORDER 1947—AMENDMENT.

It has come to the notice of Government that Sannhemp seeds (ಅಪ್ಪ ಸಣಬು ಬೀಜಗಳು) used in the State for raising manurial crops are being exported in large quantities outside the State with the result that it has become necessary to import seeds for being distributed to raiyats. With a view to restricting its export outside the State, it has become quite necessary that the said seeds should be brought within the purview of the Mysore Manure Dealers' Licensing Order, 1947.

The Government of Mysore have, accordingly, amended the Mysore Manure Dealers' Licensing Order and included the Sannhemp seeds as falling within the definition of "MANURE".

The effect of this amendment is that no Sannhemp seeds shall be exported from the Mysore State except under permits granted by the Commissioner for Food Production in Mysore, who is the Manure Controller under the said Order in Mysore.

Press Note.

Government have already indicated in their Press Notes dated 3rd September 1949 and 7th September 1949, the decisions arrived at by the Government of India to control and regulate the prices of sugar and their distribution and the action taken by this Government in this behalf.

2. A few criticisms have appeared in the Press regarding prices and distribution of sugar in the State. Government wish to point out that various difficulties had to be encountered during this transition period, *viz*, from 2nd September 1949, when sugar was recontrolled, up to this date.

3. In accordance with instructions of the Government o India, immediate action was taken in Mysore to freeze al stocks of Sugar with the Sugar Factory and the wholesale dealers in the State on 2nd September 1949. The stocks sc freezed were intimated to the Ministry of Agriculture by wire but they had to be released for public consumption with thei approval. As the wholesale dealers had purchased these stocks previously at higher rates and had incurred certain transport and incidental charges, the prices to be paid in respect of these stocks had to be worked out and prio approval of the Government of India taken in this behalf However, in anticipation of sanction of Central Government stocks freezed with the wholesale dealers were released immediately for public consumption, through Ration Depot and Co-operative Societies fixing the retail sale price a Rs. 1-7-3 per viss (excluding Sales-Tax at Bangalore).

4. As regards the stocks of Sugar freezed in the Suga Company, the Ministry of Agriculture, Government of India had fixed the Ex-Factory price at Rs. 28-8-0 per Imperia Maund for D. 24 and Rs. 29-1-6 per Imperial Maund fo D. 27 quality. But the Mysore Sugar Company claimed tha they were entitled to the recent increase in Excise Duty o Sugar and the freight advantage allowed to other Suga Factories in South India. On 19th September 1949, communication was received from the Government of Indi intimating that the Sugar Factories may be allowed th additional Excise Duty at Re. 0-9-0 per Imperial Maund an therefore the retail sale prices worked out previously, had t be revised accordingly. But the second point, *viz.*, the questio of allowing "Freight Advantage" to Mysore Sugar Company was still under consideration and correspondence with th Government of India. Meanwhile as the stocks taken ove from the wholesale dealers had completely exhausted, th stocks freezed in the Mysore Sugar Company, were rushed t the distribution centers and the retail sale price of this stoc was fixed at Rs. 1-3-6 (excluding Sales-Tax at Bangalore) pe viss, in anticipation of the concurrence of the Government c India. The Ministry of Agriculture, however, intimated thei concurrence for this price fixation later on 22nd Septembe 1949.

5. Very recently the Ministry of Agriculture conveye their approval to allow the benefit of "Freight Advantage' to the Mysore Sugar Company, also, and a "Freight Advan tage" of Rs. 6 per bag was allowed with effect from 4th November 1949. Consequently the retail sale price had t be enhanced and fixed at Rs. 1-5-0 per viss excluding Sales Tax at Bangalore). Further in order to give effect to thi revision, issue of Sugar to the public had to be temporarily suspended, stock taken and then released for consumption a the above enhanced rate. It view of the recent strike in th Mysore Sugar Factory, Sugar stocks could not be moved t the consuming centres promptly as per despatch instructions.

6. It can thus be seen that variations in Sugar price during this transition period was inevitable and the distri bution was much hampered due to various unavoidabl reasons. In spite of these handicaps sugar was made avail able throughout the State in as satisfactory a manner a possible.

7. Now that the fixation of prices has been finalised an necessary arrangements made to move stocks of sugar to th distributing centres, Government trust that there will be n difficulty or delay in the distribution of Sugar in the State.

Press Note.

Dated 24th November 1949.

It has come to the notice of Government that the prices of hillies are soaring very high owing mainly to the export of arge quantities to places outside the State. Many represenations have also been received in this behalf. As this is an ssential foodcommodity and the consumers are put to great ardship by the increase in its price, the Government have rohibited the export of chillies from any place in the State o any place outside the State with immediate effect in their Notification No. S. D. 4083—C. 77-49-2, dated the 21st November 1949.

Press Note.

Dated 24th November 1949.

Foodgrains Allowance to Holders residing in rationed areas.

It has come to the notice of Government that there has een some misconception in certain parts of the State that he holders of land residing in rationed areas are not allowed o bring paddy or rice grown on their lands for their domestic onsumption, as was being allowed in previous years, but that n the other hand they are compelled to surrender their entire roduce to Government and obliged to take rations allowed nly on their ration cards in rationed areas, where they eside.

While contradicting the above, Government wish to make clear that as in previous years, according to Clause 5 (*d*) ote 1 of the Articles of Food Acquisition (Harvest) Order, 949, now issued, "when a holder dwells in an area where ationing of foodgrains is in force and where the holder imself does not actually cultivate the lands, the quantity of oodgrains allowed shall be limited to 12 ozs. per diem for very person, except children below 8 years of age who will eceive half the quantity."

The public are therefore informed that land holders residing n rationed areas are entirely at liberty to bring in foodgrains rown on their lands for their domestic consumption under a ermit to the extent of 12 ozs. per adult per day, as in revious years.

(P. N. No. 150—24-11-1949—17,701-17,900)

Press Note.

Dated 24th November 1949.

In the Press Note dated 6th May 1949, it was announced hat holders might be given the option to surrender rice nstead of paddy and that rice may be paid for at certain ates.

It has now come to the notice of Government that the ption given to holders to surrender rice instead of paddy nvolves too many complications and effects procurement dversely. Government have, therefore, ordered that this oncession and prices fixed be withdrawn.

HEALTH OF LIVESTOCK DURING OCTOBER 1949.

Outbreaks of Blackquarter, Hæmorrhagic-septicæmia, Anthrax, Foot and Mouth disease, Contagious goat pleuropneumonia, Rabies, and Sheep-pox diseases were encountered in the State, while it remained conspicuously free from Rinderpest during October 1949. Altogether 358 villages were reported to have been affected by one or the other of the above contagious and infectious diseases, as against 396 villages during the previous month. The number of outbreaks was highest in Bangalore, Kolar and Mysore Districts, while Chikmagalur, Hassan and Mandya Districts were least affected. These diseases accounted for 1,603 attacks of which 968 animals succumbed, as against 1,124 attacks and 897 deaths during the previous month.

The depaitmental staff undertook 35,280 preventive inoculations and vaccinations against all the above diseases except Foot and Mouth disease, as against 35,678 inoculations and vaccinations during the previous month. Prophylactic measures were adopted against Foot and Mouth disease.

Disease conditions caused by internal parasites were reported from 176 villages resulting in 17 deaths as against 158 villages accounting for 18 deaths during the previous month. The special staff, attached to the parasitic disease control units and the Sheep Breeders' Associations of the Department dosed 13,161 animals as against 11,473 animals during the previous month.

Fodder and water were generally available throughout the State.

Press Note.

The Ministry of Education, Government of India, has circularised for general information that the United Nations Educational, Scientific and Cultural Organisation has replaced its Reconstruction News-letter by a new publication called the "Impetus." The new magazine will be a platform for presenting opinion and exchanging views on reconstruction and development. With the adoption of the plan by UNESCO to raise the living standards in the under-privileged areas of the world, this magazine will be of special use for India.

The magazine will be distributed free to organisations and individuals throughout the world who by their interest and activities seek to further the reconstruction and development of schools, libraries, laboratories, museums and art gallaries, etc.

The "Impetus" is putting up, for discussion each month, an open question in the field of reconstruction and development. For the best letter discussing the question, the "Impetus" will send the writer an International UNESCO book coupon for ten dollars, good in any book store in the world. Letters should not exceed 200 words in length. The open question for October is "Should the United Nations undertake the Economic Development Scheme while need for reconstruction still exists in war-devastated countries."

The "Impetus" will also award in International book coupon for five dollars for open question, which must be stated in 25 words or less and must have a direct bearing on some aspect of educational, scientific or cultural development and reconstruction.

The entries for competition may be sent direct to the Editor, "Impetus," UNESCO House, 19 Avenue, Kleber, Paris.
